

## Choice Matrix

|                                       | Poor Choices                 | Neutral Choices                     | Good Choices                       |
|---------------------------------------|------------------------------|-------------------------------------|------------------------------------|
| <b>You are Cold</b>                   | Build a fire                 | Bake dinner*                        | Put on a sweater                   |
| <b>You are Hot</b>                    | Turn on the air conditioning | Fan Yourself                        | Jump in the water*                 |
| <b>You Need to Travel</b>             | Ride in a car                | Ride a bus*                         | Ride your bike                     |
| <b>You Have Paper Waste</b>           | Litter                       | Recycle                             | Compost*                           |
| <b>You're in Charge of the Lawn</b>   | Water the lawn at midday     | Water the lawn in the evening       | Plant grasses which need no water* |
| <b>You have Outgrown Your Clothes</b> | Throw outgrown clothes away  | Use outgrown clothes as rags*       | Donate outgrown clothes            |
| <b>You are Hungry</b>                 | Cook a steak on the grill    | Eat lettuce from the grocery store* | Eat lettuce from the garden        |

Note to teacher: withhold the asterisked items, first asking student groups to choose the best among 2 items. During the whole-class discussion, add the asterisked item and as the class as a whole to rank the complete series.
